

Since 2007 Infanterix has been operating multilingual nurseries and kindergartens in Munich and the surrounding area and currently has 21 facilities. We offer over 1200 childcare places for children from 6 months to school age and employ around 340 staff members. In our international day care centres we encourage even the very youngest children to develop into responsible, tolerant and resilient individuals and prepare them for life in a multicultural society. We are looking for -

Qualified Early Childhood Educators and Co-Educators (f/m/d)

Your responsibilities

- Planning and implementation of the group's daily routine and childcare care activities
- Exposing the children to other cultures and target language
- Regular communication with parents and fostering of positive relationships with them
- Work according to the co-construction approach and implementation of free play
- Working according to the bilingual concept: One person, one language
- Planning and implementation of projects and educational activities
- Implementation of the acclimatization phase for new children
- Active participation in team meetings (your own group and as well as in the larger team)

Our Offer

- A multicultural working environment in which each employee is seen as an individual
- 30 vacation days (some vacation days are pre-planned due to set semester breaks)
- +1 extra vacation day to be used in the month of your birthday
- An innovative oversight concept and intensive professional support system
- Flat hierarchy within the groups
- Group-related work in a team of 2 employees and additional floater staff readily available
- Internal / external training and 8 professional development days per year
- Weekly preparation times integrated into the duty schedule
- Good compensation and bonus plan
- Opportunities for growth within the company
- Sponsored German Course
- Administrative assistance for your visa application, if required

Your Profile

- B.A./B.Ed. in Early Childhood Education or equivalent
- Also accepting applications from those who have a degree/certificate in psychology, social work, primary education, or early years care
- Proven working experience with children (preferred)
- An open minded, creative and highly motivated individual with a positive attitude to work following a daily nursery/daycare routine
- Well-developed interpersonal and relationship-building skills. The ability to quickly build rapport, together with excellent communication skills for dealing with colleagues, parents and children
- Excellent English knowledge (Level C1/C2) required

To apply for this position, you must submit the following documents:

- Up-to-Date CV/Resume
- Copy of relevant diploma/certificate (in German, French or English) and corresponding list of courses included in the study program
- Proof of at least C1 level English (for non-native speakers)

Infanterix is an equal opportunity employer.

We look forward to receiving your application per E-Mail.
